

# **Additional Issues for The Court of International Justice -- Blood Money 25 -- Legacy Trusts**

By Anna Von Reitz

Among the more odious excuses that we have heard from the criminally-minded among us is the excuse that people have "died" to their inherent political status and "voluntarily" adopted both political statuses and conditions which were never disclosed to them. Despite this, we are not deceived and do not fail to object.

Let it come to the Notice of all Justices and Magistrates that the creation of GMO Humanoids by the injection of foreign genetically engineered mRNA has already been outlawed in this country as of January 1, 2020 and that this continuing assault against humanity must be brought to an abrupt and permanent halt.

Nobody who has accepted these injections was given full disclosure. In fact, they were deliberately deceived by WHO and other complicit criminal organizations that collaborated to change the meaning of "vaccine" to include an experimental genetic engineering protocol harmful to human life.

Those responsible are below the benchmark of sanity and they must all be rounded up and held accountable without regard for nationality or political status. Each and every corporation functioning as a national government is responsible for the harm they have caused their employers.

This includes the deliberate spreading of false information and propaganda. The Media franchises of these so-called National Corporations must be prosecuted as accomplices and the Medical Doctors who have allowed and promoted this genocide as defined by Territorial Law -- see 18 USC 1091 -- must be held accountable.

The banks and commercial corporations that have sought to benefit themselves by claiming that people are rendered Genetically Modified Organisms by this heinous injection process, and as such, are patented property, subject to disposal---- must be liquidated. Immediately. Summarily.

This excuse by which they seek to legalize genocide must be recognized for what it is. --- a heinous and unjustifiable excuse, unlawful, immoral, and illegal to the core.

These outrages must be answered decisively and swiftly and without any further misinterpretation of civil law.

Despite any upheaval or confusion caused by The American Civil War, the First World War, or the Second World War or any self-serving legal definitions offered by the Perpetrators of these crimes against humanity --- herein rebutted--- the actual civil law pertaining to the estates of these people and their nature is already spelled out and has been for a thousand years:

*Resoluto jure concedentis, resolvitur jus concessum*: by the extinction of the right of the grantor, the right granted is extinguished.

*Res nullius naturaliter fit primi occupantis*: the property of no one naturally becomes that of the first occupant.

As we have observed, all right, title, and interest in our Delegated Powers and all property interests invested by delegation returned to the Delegator, our unincorporated Federation of States, The United States of America, by Operation of Law -- and that includes all custodial interest vested in or presumed to exist or to be exercised by any instrumentality of the Queen or the Pope -- upon their bankruptcy.

As this is true for the nation as a whole, it is also true for the Lawful Persons of our nation.

Thus, for example, the loss of our Title IV Flag by a bankrupt instrumentality of the Pope returns that version of our flag to our custody, and not to the custody of any Third Party.

The bankruptcy of any instrumentality of the Queen has no impact upon the actual ownership of private property including property trusts belonging to Americans.

We call for immediate corrective action and determined disciplinary action against the British Crown Corporation and the Government of Westminster and the Roman Curia and their corporations in sum total for allowing these predatory, inhumane, and war-like practices and False Legal Presumptions to continue against their employers---- and failing that, we call for their immediate and permanent liquidation as corporations, and expulsion from the world community as organizations or governments of any kind.

We hereby provide Notice to The International Court of Justice, the Court of the Lord High Steward, and the Vatican Chancery Court, that all of this wrong-doing has occurred in the realm of commerce and has merely extended its reach into

the territorial realm via constructive, so-called discretionary non-enforcement of the actual Public Law via another constructive fraud -- the purported existence of Special Admiralty provisions allowing the usurpation of the jurisdiction of the sea upon the land.

There are no such provisions in our Treaties with these Principals.

The actual Public Law is not subject to discretionary enforcement by any employee, trustee, or representative. The Public Law is a mandatory enforcement obligation of all trustees, employees, administrators, officers, and officials pretending any authority or association with the actual Government of this country and is an obligation of all Principals under both The Constitution of the United States and The Constitution of the United States of America.

The above-described attempt to legalize genocide by these madmen is only the most recent example of their drive to mischaracterize living people and to thereby deprive and defraud them of their natural standing, so as to unlawfully seize upon their property assets and dispossess them as the natural owners of their Proper Names, bodies, businesses, and homes.

It is the responsibility of the Popes to immediately liquidate the offending corporations and return the purloined rights, titles, interests, and assets to the victims of these charlatans. The Roman Curia is in particular the organization responsible for the existence and definition of these corporations and is held to account for them.

As a result of earlier similar attempts to mischaracterize and defraud the living people by corporate entities, more than 5,000 so-called institutional Legacy Trusts holding most of the gold and silver and other assets of the world, have been presumed to exist and to belong to the Perpetrators of these schemes acting as "representatives" and "agents" of the actual owners --- without the knowledge or permission of the actual owners.

These convenient institutional Executors de Son Tort are nonetheless guilty of all the errors, omissions, and unlawful standing of all such Persons, whether individuals or instrumentalities, institutions or Principals.

We call for the immediate return of all such Legacy Trusts to the actual owners and depositors, including the return of all such primary asset deposits -- gold, silver, jewels, etc., owed to The United States of America and to all American depositors, without any pretense that they are or have been missing, whereabouts unknown.

The tax records of the Perpetrators of this scheme more than adequately demonstrate that the whereabouts of the actual owners, like the whereabouts of the actual heirs, have been known throughout this debacle, and have been deliberately obscured in order to promote fraud against the victims of these schemes.

All deposits of our assets on a worldwide basis are subject to our wishes and we wish for a full accounting from all the banks responsible.

With a worldwide corporation-sponsored genocide underway against the living people and with the Priority Creditors being mercilessly targeted by such international criminals as Anthony Fauci, M.D., and William Gates III, there is no time to be lost in lengthy deliberation by the High Courts.

We wish for the issuance of International Arrest Warrants for the immediate arrest of Dr. Anthony Fauci and William Gates, III, their collaborators, and associates, involved in this massive crime spree. We do not recognize any claim of contrary authority or non-participation by the United States or any of its corporations.

Both the Roman Civil Law and the Territorial Code are clearly stated, and there can be no doubt that these above-named Persons and Parties are in criminal violation of both.
